3 years. 60 cms. A large, strong and substantial black and gold bitch of very good type. Strong feminine head with good expression, masking and brown eyes. Stands with level withers, firm straight back, good croup that is just a little steep. Very good angulations, where I would like to see the upper arm a little better angled still. Stands correct in front. Good fore and underchest development. Steps correct going, toeing in a little coming, elbows still to tighten. Effective movement, well balanced where the reach should be a little more pronounced and the drive more powerful. A little unruly over the topline during the gaiting. **VERY GOOD**
