

State Breed Exhibition 2018 Graduation Report

Pre-Kindy Class Judged by: Ian Marr Entry of: 15 Qualifiers: 10 Pass Rate: 66%

What is the judge looking for? We hope to see the handler and dog working as a team. The handler will give clear commands and signals, the dog will respond willingly and without hesitation. In the Pre-Kindy Class we use food in the graduation. The handler should give clear signals, may lure with the empty hand, and MARK the correct response with GOOD, YES, or CLICK. The Event Marker precedes the food. It is Click and Treat, or GOOD and FOOD. Not together for then the food would block the MARKER, but the marker, this conditioned Reinforcer, predicts the FOOD. All work is graded from Exc, VG, to G. Pass. Poor is NQ. **All puppies graduate** into Advanced Pre-Kindy with the older dogs.

Targeting Touch: 15 Show us your dog's enthusiasm and drive with 3 touches of any style!
It might be left hand or right, may be high or low, or even on the move!!

Heel on Lead: 30, We wish to see the dog heel with drive and attention. We need to see the right positioning of the dog for the various moves. Were the turns tight and motivated? How was the timing of the Marker sound and the treat if used? Use of food leads to a 2 point deduction, so we hope that our handlers have learned to work with a Jackpot at the end of the exercise, and no luring except for an empty handed prompt.

Recall: 15 Lead dropped, sit/stay, Recall. Every aspect of the Recall and handling counts.

Temperament Test 15: Judges' choice, of walk through a group or handler examining dog.

CLASS ONE: Judged by: Honey Gross-Richardson, 1 entry, 1 pass, 100% Pass rate!

The dog needs a pass in every points exercise and at least 85/100 to qualify,.

We hope to see the dog working with drive and Attention, showing a great Attitude and considerable Accuracy – yes, a Triple A Dog is desired!

Heel on Lead 30: The lead needs to be loose, showing a small loop, with the dog maintaining the heel position with attention, responding happily to all commands, whizzing around the left and right about turns, holding the correct heel position for the sits, stands and downs, and presenting a picture of smooth team work on the change of pace. The left and right turns need to be sharp right angle turns. Ideally the dog is watching the handler!

Stand for Examination 20: On judges question: “Are you ready”? Our handler should quickly check his dog’s positioning, and as he replies YES, the dog is alert and ready to earn praise! He will stand straight and steadily under examination, enjoying the attention, but standing firm until he is freed by the handler on Judges’ order: Exercise Finished.

Recall: 20 This will be from 10 to 12 metres distance for a fast Recall & smart Present. The dog must sit steadily whilst the handler returns around the back into heel position.

Food Manners: are graded. Our dogs see food refusal as part of the NRM game, so it’s a cinch!

Down From Free is graded: We are looking for a good signal and command, fast response!

Dumbbell Play is graded: By now our dogs are generally retrieve fanatics and love the chase!

Sit Stay 15 at 6-8 m. for 30 secs. and **Down Stay 15** at 6 – 8 m. for 60 secs.

Any dog passing this level of training has proven to be a pretty good companion, and is ready for the owner to enter trials classes, where the happy team will work towards their CCD, which is the next level, Community Companion Dog. If you have passed today,

CONGRATULATIONS! If you missed out, well, there’s time for improvement with another term of Happy Training!
