

Judge – Mr Andrew O'Loughlin (SA)

Judge's Summary Report

I'd firstly like to thank the GSDAWA for the appointment to judge and the exhibitors for presenting their animals to me. It was very enjoyable to judge your animals, and I thank the exhibitors for their sportsmanship and friendliness. Many thanks to Vicki as stenographer, my many stewards and John for looking after me.

It was a warmish day, considering we have just finished Winter, and all animals handled the weather very well. I tried to make sure younger classes didn't work too hard, but older classes did a little more work accordingly.

There were 67 animals entered in the show, with 22 scratchings, leaving 45 animals exhibited. The overall quality of the animals exhibited was good. In the younger classes, some particular animals caught my eye for showing potential; 1st junior dog LSC, 1st and 2nd minor bitch LSC, 1st baby dog SC, 1st and 2nd baby bitch SC, 1st and 2nd junior bitch SC and 1st intermediate bitch SC. The open classes winners all took best male or female. There was one bitch that measured oversize, but was of really high quality, which is why I decided to only penalize her a grading, rather than un-grading her.

Of the 45 animals exhibited, they were sired by 22 different sires with around half of those sires being bred in Australia. The one majorly influential sire for me was Wulcano-Uno, who sired 18 animals and they won 7 classes. This male offers a high degree of predictability in his progeny. Of the 45 animals exhibited, they were reared by 34 different dams. Of those 34 dams, 2 bitches stood out to me; Bronboreo Vedel Vida and Bronboreo Fire Fly. Both females are sired by Schaeferhund Rafael and both had 3 progeny presented, all sired by Wulcano-Uno. Vedel Vida produced 2nd baby dog SC and 1st and 2nd junior bitch SC, Fire Fly produced 1st baby dog SC and 1st and 2nd baby bitch SC.

It was pleasing to see some problems I have noted starting to creep into the breed such as ears needing to be firmer and tails not being carried correctly, were not really a problem at the show. A couple of small things that were noted were; a few animals were soft/down or infirm in pasterns, a couple of animals were slightly deep in hindquarter angulation, lips could have been tighter on some animals and both elbow and hock joints could have been firmer on a number of animals (however they were not severely loose).

Some more 'major' areas of concern for me were the forequarter angulations; very few animals had very good forequarter angulations and some that did had a shorter upper arm, a few animals presented topline with peaks and some with a roach, and lastly there were a number of exhibits on the limit of size. The last point I think in particular needs to be addressed, so as not to end up with oversize animals.

S:*Gewalt Tennessee Drummer (AI)
D:*Kaperville A Sassy Woman

DOB: 4/2/20
Br: Gewalt Kennels
Exh: T Roberts

3rd 61/28cms. Very large, medium strong bitch of very good type and proportions. Very good head and expression. Very good length of neck, carried just slightly erect. High withers, firm straight back, very good length and lay of croup. Good forequarter angulation where the upper arm should be a little longer and better angled. Just slightly deep hindquarter angulation. Very good fore and underchest development. Stands correct in front. Steps correct coming and going where the elbows should be little firmer. Shows very good movement where the forehand reach should be a little freer.

EXCELLENT

S:*UK Ch Conbhairean Freddie (imp UK)
D:*Boney M vom Bad Walde IPO2 (imp Deu)

DOB: 3/9/17
Br: B&L Lubbock
Exh: B&L Lubbock/W Martin

4th 62/29 cms. Oversize, medium strong bitch of very good type and proportions. Very good head and expression. Very good length and lay of neck. Level withers, firm back, slightly short, slightly steep croup. Very good forequarter angulation. Slightly deep hindquarter angulation. Good fore and very good underchest development. Stands correct in front. Steps slightly wide going where the hocks should be a little firmer. Steps correct coming where the elbows should be firmer. During movement, shows very good reach, however the hind drive should be a little more effective.

EXCELLENT
