

**The Breed Affairs Committee presents a talk on
Conformation in the German Shepherd Dog
This will be held on Sunday 28th July 2024 at 11.30am
in the clubrooms at G.S.D.A. of W.A. Headquarters.**

Speaker: Mrs Robyn Knuckey

When listening to the critiques have you ever wondered what was meant by a short croup, upper arm could be better angled, deep hind angulation. Learn why the angulations affect movement.

AND some handy tips explaining how to prepare for a show

Please join us – ask questions that is how we all learn

All members welcome - a gold coin donation by non-members would be appreciated. Refreshments available at the canteen.
