

Judges Summary:

In the amazing Australian setting, precisely in the city of Perth, the usual gathering in Memory of Walter Martin took place on 26 October 2024. I am honoured to have judged such an important event, in the name of the great breeder, judge and owner of the affix 'von der Wienerau', which contributed a lot to the development of our beloved German Shepherd Dog.

I thank the GSDAWA, President Robyn Knuckey and the Show Committee and members who worked hard to make this beautiful event go so smoothly. I also thank the 61 participants for their fair play, allowing my work to be more fluent, and willingly accepting my rankings and judgements. I can confirm I had a very good time with all the members and people who supported us and looked after us with great kindness and hospitality during our time in Perth.

Report on judging: The number of participants was fair with an average quality of animals presented. With some quality dogs at the top of some classes. Only one animal presented with a short foreleg, a number with weak pasterns. A number of animals are narrow in chest and short in underchest. Some toplines presented with increase in the lumbar bend. A final, painful note which concerns the entire breeding world is the over angulation of the hindquarters, to which great attention must be paid.

All I have to do is thank everyone, without distinction for their welcome hospitality with the hope of doing something that everyone enjoyed.
