

## **Judges Summary: Mauro Di Festa (Ity)**

### **Walter Martin Memorial Championship Show**

**25 October 2025**

On October 25, I judged "Walter Martin Memorial." It was an honor for me to judge an event in memory of a great judge and internationally renowned breeder.

This is the second time I've been invited by a member of the German Shepherd Dog Council of Australia and the first time to Perth

Compared to my first time in Brisbane, back in 2019, I noticed a more pronounced typicality thanks to the contribution of some dogs from Germany and Italy.

I'm enthusiastic about this: the serious and enterprising breeder knows how to best utilise certain dogs.

I judged about fifty dogs. This is certainly not a large number to get a general overview of the breeding, but I fully understand that the distances between cities in Australia are long and therefore difficult to travel to, let alone the expenses. Despite this, some exhibitors came from far away, and only a great passion allows you to undertake a long journey.

The dogs were of good average quality, with some standout specimens.

As I already mentioned, at the end of the show I found no serious problems due to excessive angulation of the hindquarters. Only a few individuals exhibited this problem. Therefore, this does not alarm me, although one should never think that this defect has been eliminated. It is ever present and requires maximum attention.

I did encounter some pigmentation problems, with several subjects having somewhat light eyes. Since this is already a widespread problem, it is necessary to raise the bar. It must be remembered that light eyes detract the breed's expression.

In the "Open Bitch" class, "Freinhauf Tesla," a beautiful daughter of Wulkano-uno von Schnitzerteam, won. Several offspring of this sire were class winners, so I consider him a specimen with excellent reproductive qualities. A daughter of this sire, "Chevyvale Clearly Devine," also won the "Open Bitch" class.

It is important to pay attention to the forquater angulation: the shoulder blades and upper arms should be more inclined. There is also aslo a need to note correctness of fronts.

I thank the exhibitors for their sportsmanship, hard working Show committee, Show Manager: Lea-Anne Shea, Ring Stewards: Halina Sweeney & John Fenner, Leanne Irving: Stenograper.. They were invaluable to the success of the show.

Special thanks to Robyn Knuckey for looking after Claudia and I. We have many memorable moments, in particular our day with the Koala's!

It was a pleasure judging over the weekend with my colleague Gabriela Labbe.

Best Wishes to all for your future breeding plan.
