The GSDCA's CHARACTER ASSESSMENT is a part of the WUSV Harmonisation Programme's Zuchtanlageprüfung, ZAP Part 1, their Breeding Suitability Test.

1 OBJECTIVE OF THE CHARACTER TEST To promote and offer guidance for the uniform development of the German Shepherd Dog Breed and to consolidate and ensure the character and temperament as part of the breed's inherent working qualities is maintained. The Character Assessment is a very important part in evaluation of the German Shepherd Dog. It allows determination of behavioural characteristics and depending on the strengths/weaknesses displayed in each element, can be used in making future breeding decisions.

The proactive GSDA of WA has always supported programmes such as this and offers the character test to its members.

The GSDCA Character Assessment can be undertaken for all registered pedigreed Main Register and Limited Register GSD pups from 9 months up to dogs of 8 years.
