

GSDAWA MEMBER'S COMPETITION

Sunday 28th June 2026

Judge: Mrs Sharon Ballantyne-Gordon

Thank you to the GSDAWA for the kind invitation to judge. I am truly grateful to everyone who made the effort to attend, and it was a pleasure to officiate over such a well-presented entry of German Shepherd Dogs. The overall presentation of the exhibits was a testament to the dedication and passion of their breeders, owners and handlers.

There was a total of 54 entries, comprising 22 Long Stock Coats (LSC) and 32 Stock Coats. Thank you to all exhibitors who supported the event and entrusted me with the opportunity to evaluate their dogs.

A sincere thank you also goes to the many helpers and club members working behind the scenes to ensure our shows are successful, professionally run and enjoyable for everyone attending. I would particularly like to acknowledge my stenographer, Leanne Irvine, along with ring officials Halina and Amy. A special thank you to Halina, who kept rescuing me with my jacket whenever the rain showers arrived!

To Lee-Anne Shea, the organisational extraordinaire, thank you for all your hard work in coordinating the event. To Robyn Knuckey, thank you for the much-needed early morning breakfast, coffee, and for ensuring I made it back to the airport. Your hospitality was greatly appreciated. Congratulations also to everyone involved in preparing the grounds, which presented beautifully and contributed to the smooth running of the event.

I thoroughly enjoyed both the afternoon's judging and the opportunity to catch up with everyone over dinner that evening.

Overall, the dogs I promoted to the winning positions were those that I felt most closely aligned with the ideals and breed standard of the German Shepherd Dog. These are the qualities we should continue to preserve, value and celebrate whenever we see them.

As a breed community, we are becoming increasingly aware of some of the structural trends emerging within the German Shepherd Dog, including exaggerated toplines, excessive rise over the loin, curvature through the lumbar spine, steep croups, overly deep hindquarters, narrowness behind and cow hocks. As breeders, judges, exhibitors and handlers, these are areas we should continue to recognise and thoughtfully address so that the breed remains true to its purpose, sound in construction and sustainable for generations to come.

It was pleasing to observe that, in most exhibits presented under me, these characteristics were not as prevalent as I have seen in some other parts of Australia. Congratulations to the Western Australian breeders for your continued efforts in breeding sound, functional dogs while maintaining breed type.

I thoroughly enjoyed the day. The atmosphere was welcoming and positive, and the handlers were respectful and sportsmanlike in the ring, which certainly made my role even more enjoyable. Thank you once again for the opportunity and for the support shown throughout the event. I wish you all the very best in your future endeavours with this wonderful breed.

59.0 cm / 28.0 cm. 2 years, 3 ½ months. Large, medium strong female with very good proportions, clean overline. Expressive head, ideally the skull and foreface could be slightly stronger. Very good length of neck, stands with a high wither, firm straight back, very good length and lay of the croup. Good fore and correct hindquarter. Very good length of foreleg. Stands straight in front. Presents an overall pleasing picture in stance. Steps slightly narrow coming and going. She shows good reach and drive, just inclined to high step a little in front. Good overall firmness.

EXCELLENT
